

REF: KNEC/DS/EA/EM/VOL.IV

DECEMBER, 2020

To: All Candidates sitting the 2020 KCPE and KCSE Examinations

Thro': The headteachers of Primary and Secondary Schools offering the 2020 KCPE and KCSE Examinations

Dear Candidate,

- 1.0 Every year, a few candidates get their examination results cancelled because they have cheated. It is very sad for a student not to get the examination results after learning for several years. However, no examination results can be given to a candidate who has cheated because examination results are only given for a candidate's own honest efforts.
- 2.0 In most of the cheating cases, candidates are misguided to cheat by some people. These people mistakenly think that they are helping you, but in fact they are exposing you to suffering through loss of examination results. Some of the misguided people including candidates do not care that you will eventually suffer.
- 3.0 The Kenya National Examinations Council (KNEC) is committed to making examinations fair for all candidates and has accurate methods of detecting those candidates who cheat during examinations. Candidates who cheat or are impersonated cannot be given examination results which are not their own and which they therefore do not deserve.
- 4.0 In order for you to receive your examination results, you must not get involved in trying to obtain any unfair assistance from anybody. You must produce your own honest work during examinations. Cheating will not help you. In fact, should anyone try to make you cheat or if you should become aware of any other candidate involved in this bad practice, you must report this immediately to your parents, your head of institution, Supervisor, the Education Officer, the police or KNEC. You should also report immediately if you notice anyone who is not your classmate sitting for the examinations. Remember, in an examination, honesty is the best policy. In addition to this letter, you are required to thoroughly read the last page of your examination **timetable** under the heading **PENALTY FOR EXAMINATION IRREGULARITIES**.
- 5.0 Work hard to get good grades and KNEC shall issue you with well deserved examination results. I wish you every success in your examination.
God bless you.

Dr. Mercy G. Karogo, MBS

Ag. CHIEF EXECUTIVE OFFICER
